TÜRKİYE ENERGY SUMMIT

26-27 OCTOBER 2026

Türkiye Energy Summit, the most comprehensive and influential meeting point of the energy sector, is preparing to bring together national and international stakeholders of the energy ecosystem once again in its **16th year.**

As the region's biggest international energy event, the Türkiye Energy Summit will take place on **26–27 October 2026** at **Hilton Istanbul Bomonti Hotel & Conference Center,** under the theme **"Energy Security and Investment in Euro-Med Region."**

Welcoming more than **1,000 national and international participants** each year, the summit will address the sector's most critical topics, including energy security, which has become one of the foremost issues in recent years; the impact of geopolitical developments in the Euro-Mediterranean and surrounding regions on energy markets; the roles of local and regional regulatory authorities; the European Union's strategies towards the Mediterranean and neighboring regions; grid infrastructure, digitalization and artificial intelligence, energy storage technologies, rare earth elements, and emerging international investment opportunities that are expected to shape the future energy agenda. In addition, developments in the Türkiye energy markets and other key issues on the sector's agenda will be comprehensively evaluated.

The Türkiye Energy Summit stands out not only as an event where current developments are discussed, but also as a platform where industry representatives establish **new collaborations,** gain **strategic insights,** and contribute to a shared vision for the future of the energy sector.

Offering high-level networking opportunities to its participants, the Türkiye Energy Summit continues to create significant value for the business community by bringing together **decision-makers, investors, and industry leaders** under one roof.
